

Nature Club

The Nature Club is open to all third, fourth, and fifth graders.

The goal of the club is to encourage awareness and respect of nature through monthly meetings.

The meetings will include activities that celebrate the seasons and investigate our natural surroundings using the Metroparks as our backyard.

Nature Club will only meet during the 2nd semester.

Monthly Meetings will be from 3:00 – 4:00 in Room 4.

Moderator is Miss Amy Jakulin.
