

ENRICH YOUR SUMMER

CHALLENGE! INSPIRE! CELEBRATE!

Challenge! Inspire! Celebrate! These are the Goals of the Summer Enrichment Program at Saint Joseph Academy. This program provides an educational opportunity for girls entering the 7th or 8th grade, while helping prepare them for the demands of high school.

This **three-week** experience allows girls to hone their English, Math, Science, Pre-Engineering, Social Studies and World Language skills. Students will experience a comprehensive curriculum that supports the principles of STEAM (Science, Technology, Engineering, Arts and Mathematics).

Students will be exposed to a variety of activities for practical application and enrichment, including field trips, art projects, robotics, athletic contests and pre-engineering projects in our Makerspace! Saint Joseph Academy faculty and current students will be leading the outdoor and classroom activities.

There will be time devoted to test preparatory skills including an introduction to the High School Placement Test (HSPT) with Seeley Test Pros.

This summer enrichment program is sure to challenge, inspire and celebrate each and every girl!

A typical day at Saint Joseph Academy's summer enrichment program includes:

• 3 Academic blocks

English | Enhance reading and writing skills

Science | Explore the disciplines of life, chemical & physical sciences

Math | Find & analyze patterns in our world

• Recreation/art activities including archery, 3-D printing, laser engraving and much more!

• Friendship & fellowship with students from around the Cleveland area

• Field trips to bring classroom activities to life
