

PayForIt Transitioning to PaySchools Central May 1

PaySchools is excited to announce that starting **May 1**, your district will be upgraded to our latest and greatest online payment product, **PaySchools Central!** While the upgrade is intended to be seamless, we want to make you aware of the specifics of the transition for the users in your district.

Below we have provided a brief outline on how the transition will occur, should your district get contacted by parents asking about it. This will provide you with the insight and knowledge to assure them that the transition is **secure, seamless, and easy.**

1. When logging into PayForIt, parents from your district will be prompted with a message that their PayForIt account has been replaced by PaySchools Central, and will provide the link to access [PaySchools Central](#).

2. Clicking the PaySchools Central Link will re-direct users to the PaySchools Central login page.

3. The user will then login using their PayForIt credentials and they will be prompted with the following prompt which confirms credentials, students migrated, and any pertinent information about their PayForIt account that has been migrated as part of this transition.

4. IMPORTANT - The auto-replenishment feature in PayForIt will not be activated in PaySchools Central until the users login to PaySchools Central for the first time.

5. Support for PaySchools Central is available via phone and email.

Great news, PaySchools mobile is now available for Apple iOS and Android! [Click here](#) for step by step instructions on how to install on your mobile device.

Once logged in, the transition is complete. Your parents will find an easy to navigate user friendly interface that they will come to love! Additional resources, including customizable PDFs and videos to share, have been created to assist in this transition as well, [click here](#) to learn more. If there are questions please feel free to contact us at 855-210-8232.
